EXPERIENCE

Fraunhofer Institute for Building Physics IBP

Intern, Bachelor's Thesis & Research Assistant in the Department of Life Cycle Engineering

Sep. 2024 – August 2025

Stuttgart, Germany

- Gained firsthand insights into the research field of Life Cycle Assessment (LCA) and the day-to-day work in the field.
- Wrote Bachelor's thesis on "Usage of Scenario-Based Model Data in the Background System of Prospective LCA" (grade: 1.0 (A)).
- Contributed to integrating thesis results into departmental workflows and supported ongoing projects as a research assistant.

University of Applied Sciences Bingen

Assistant for school contacts and student fairs at the course guidance center

May 2024 – April 2025

Bingen am Rhein, Germany

- Advised prospective students on the university's range of studies and supported them in choosing the right course.
- Shared personal insights and experiences from my studies at student fairs, open house events and the study program's anniversary event.
- Represented the UAS Bingen at fairs autonomously or alongside a fellow student by setting up and supervising the university's booth.

Lidl Vertrieb GmbH & Co. KG

Cashier and Sales Assistant
